

HIKING WATERTON LAKES NATIONAL PARK

In Waterton Lakes National Park the mountains and the prairie meet in a dramatic landscape shaped by wind, fire and flood. Located in the Crown of the Continent, one of the narrowest parts of the Rocky Mountains, the park helps protect a unique and unusually diverse community of plants and animals. The highlight

of Waterton's sparkling chain of lakes is the international Upper Waterton Lake, the deepest lake in the Canadian Rockies at 148 m/487 ft. at its deepest point. In 1932, the park was joined with the United States' Glacier National Park to form the Waterton-Glacier International Peace Park – a world first.

Plan Ahead and Prepare

Remember, you are responsible for your own safety.

- Get advice from a Parks Canada Visitor Centre.
- Study trail descriptions and maps before starting.
- Check the weather forecast and current trail conditions.
- Choose a trail suitable for the least experienced member in your group.
- Pack adequate food, water, clothing, maps and gear.
- Carry a first aid kit and bear spray.
- Tell somebody where you're going, when you'll be back and who to call if you don't return.
- Travel with a friend or group.
- Be prepared for emergencies and changes in weather.

Stay on Maintained Trails

- To prevent trail damage stay on the trail and avoid shortcuts.

Leave What You Find, and Take What You Bring

- Pack out all garbage, including diapers and food waste.
- Dispose of human waste at least 100 m from any water source. Bury solid human waste in a hole 15 cm deep. Pack out your toilet paper.
- Natural and cultural resources such as rocks, fossils, artifacts, horns, antlers, wildflowers and nests are protected by law and must be left undisturbed for others to discover and enjoy.

Backcountry

A backcountry camping permit is required for any overnight trip. **Reservations** can be made three months in advance by calling the Warden Office at **403-859-5140** (April 1 to mid-May) or the Visitor Centre at **403-859-5133** (after mid-May). Please consult the Visitor Centre about backcountry horse trips and required permits and fees.

Random Camping

Non-designated or random camping may be permitted. Ask Parks Canada Visitor Centre staff for details.

Share the Trail

Cyclists yield to hikers. Cyclists and hikers yield to horses.

Cycling

Cyclists are susceptible to sudden, dangerous bear encounters – slow down, stay alert and make noise.

- When approaching horses, stop, move off the trail, remain visible and ask rider for instructions.
- Mountain biking is allowed only on trails designated for cycling.
- Stay on trails and avoid skidding.

Fishing

A National Park fishing licence is required.

Safety

Emergency

For all emergencies please call **403-859-2636**. **Cell phone reception is unreliable.**

Keep Wildlife Wild, and Yourself Safer

- Travel in groups and make noise to avoid surprise encounters.
- Do not feed, touch, or approach wildlife. Stay at least 30 to 50 metres away from most animals, and 100 metres away from bears.
- Carry bear spray and know how to use it.
- Pets must be on a leash at all times.

Avalanches

The right combination of snow cover and slope angle can produce avalanches. Be careful when crossing snow slopes or when exposed to avalanche paths.

Rugged, windswept mountains rise abruptly out of gentle prairie grassland in spectacular Waterton Lakes National Park. There are about 200 kilometres (120 miles) of hiking trails, ranging from easy strolls to strenuous wilderness hikes. **Use the trail chart below to choose a hike** suitable for everyone in your party. For more detailed route finding and trail descriptions, consult the “*Hiking Map and Guide for Waterton Lakes National Park*,” available for purchase at the park Visitor Centre.

The northern leopard frog is being re-introduced to the park, one of many of the park's current research projects.
